BIOGRAPHY

Tim Royko, DJ, producer and labelowner, born in Cologne, not only loves music, he lives it out literally. You can't come out of the astonishment, when he draws people in clubs and at festivals under its spell with his energetic sets. Due to his sophisticated and varied music selection, his individual mashups, his mixing skills and his remarkable sense for the audience, he could already excite people on international bookings, like in Southamerica, Indonesia, Russia, Spain (Ibiza), Portugal and other countries.

He is a very versatile producer, produced and remixed already the Who is Who of the german dance scene (for example Jean Elan, Patric La Funk, Cosmo Klein, Till West) His solo productions and remixes appeared on labels like Spinnin Rec., Pacha Rec., WePlay Rec., Tiger Rec., and RUN DBN Rec., to name just a few, which you can find in playlists of TocaDisco, Laidback Luke, Stafford Brothers, Seamus Haji, DBN, Plastik Funk, Cevin Fisher and many more. Peak-positions, like number 3 of the overall Beatport Charts and the Top 20 of German Dance Charts are his achievements so far.

“Everlasting Now” originated after the European Tour 2011, because award-winning singer and performer Cosmo Klein and dancefloor rocker Tim Royko came back together again for another successful collaboration to keep all the great moments they had during the tour. Cosmo was inspired to write a song about moments that are worth, lasting forever. Tim Royko produced a bumping instrumental to the song and this project climbed to number 11 of the German Dance Charts. A Re-Release with great remixes, such as by DBN is out on RUN DBN Rec..

After another great tour and winning his first radio award in 2012 for the production „Everlasting Now“, he went back to the studio. In order to point out the amazing synergy between the Dj and the partycrowd, which Tim Royko thankfully was allowed to experience, like shown in the video, the track „We Are One“ with the strong vocals of Mike Leon came up.

Lately Tim Royko touched down again together with the DJ and producer Philippe Lemot in the German Dance Charts with the track „Attention“, whose titel says it all. Watch out for the video!

Tim Royko is constantly working on new tracks, remixes and mashups, so be excited ...
